Monterrey, Mexico, August 26, 2016. - Nemak, S.A.B. de C.V. ("Nemak") (BMV: NEMAK), a leading provider of innovative lightweighting solutions for the global automotive industry, informs today that it will make the following changes to its management team:

To drive further growth and reinforce our competitive position, we are creating a co-management structure for our business in Mexico.

Napoleón Cantú will focus on ensuring best-in-class operational performance as Mexico Business Unit Co-Director. Since joining Nemak in 1992, he has held executive positions in several areas including Operations, Commercial, and Program Management. Napoleón earned a bachelor's degree and a master's degree from the Tecnológico de Monterrey.

Knut Bentin, who is currently VP of Human Resources, will lead the sales and administrative functions as Mexico Business Unit Co-Director. Since joining Nemak in 1997, he has held several executive positions in Europe and Mexico. Knut earned a bachelor's degree from the University of Mannheim and a master's degree from the University of Cologne in Germany.

Marco Landeros will take over as VP Human Resources. In his more than 20 years with Nemak, he has held executive positions in several areas including Purchasing, Human Resources, Commercial, and Administration. Marco earned a bachelor's degree from the Tecnológico de Monterrey and a master's degree from Stanford University.

José Carlos Pons will now assume the position of VP Business Development to drive and capture new growth opportunities. Since joining Nemak 20 years ago, he has held executive positions in the Business Development, Commercial, and Program Management areas. He earned a bachelor's degree and a master's degree from the Tecnológico de Monterrey.

The above-mentioned appointments will be effective September 1.

Additionally, we are creating a new purchasing organization to enhance our operational effectiveness through the execution of a global purchasing strategy. Effective October 1, Marc Winterhalter will join Nemak to assume the position of VP Purchasing. Marc has 20 years of experience in purchasing and engineering in the automotive industry. He earned a bachelor's degree from the University of Karlsruhe in Germany.

In their new roles, the above-mentioned executives will report to the CEO of the company.
